

DoubleTake will be available soon. The price is \$16 + shipping & sales tax.

After reviewing the enclosed presentation, please indicate your interest in purchasing a DoubleTake container by sending an email to:

info@buydoubletake.com

We will send you an email when DoubleTake is available.
Thank you!

Welcome to our journey!

Here is our story.

200 million

backpacks and gym bags
are sold each year in the US

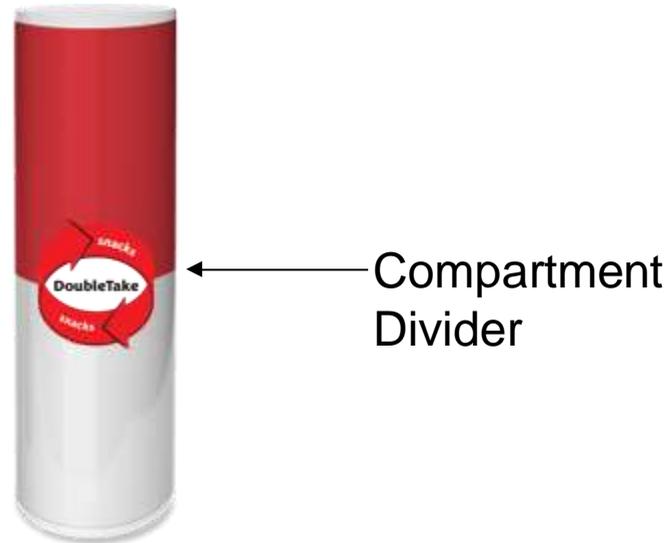

Most of these backpacks and gym bags carry
beverages and snacks
to
school
work
the fitness center
picnics
or other away from home activities

Beverage containers can be opened and closed until the contents are consumed...

...however, the same cannot be said for most snacks whether it be salted snacks, cheese snacks, veggies, sweet snacks or fruits.

Which led us to create a product that fills a meaningful need in a simple way.

Introducing
the reusable,
dual compartment,
rigid poly,
snacking container

Similar length/diameter to a Pringles® canister

same snack in both
compartments
or different
snacks in each

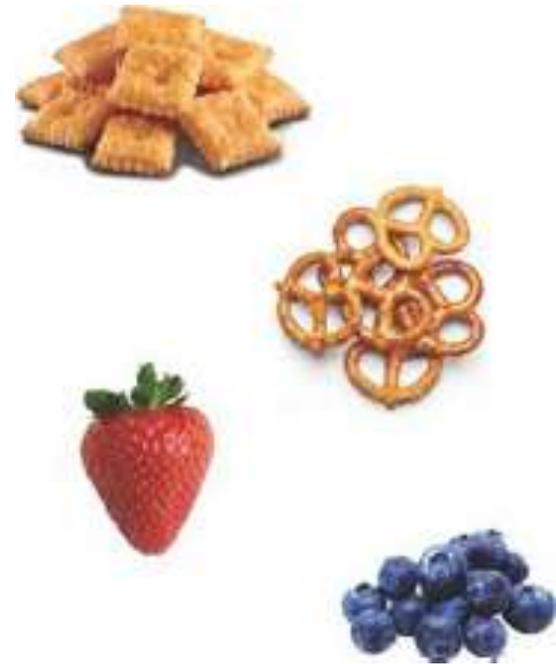

Screw cap lids are
clear and airtight.

The perfect container to carry your snacks

SAVES YOU MONEY

- No more expensive single serves

- Buy fewer plastic bags

- Buy fewer storage containers

Fewer broken chips, crumbled cookies

- produced in US with sustainable materials that are dishwasher safe & BPA-Free

500 million beverage mugs
are sold each year in North America

DoubleTake is a convenient companion to beverage mugs like YETI, Stanley, Thermos®

fills a meaningful need in a simple way

I have developed and introduced many new food products over the course of my career. DoubleTake has both a purpose and a fun personality.

We invite you to join our journey as we launch into the marketplace.
